

Hi Fellow **Click Crazy** Users!

I'm Zara From, from Weston-super-Mare, UK :-)

Today I am going to show you a short cut that will kick start your Traffic Exchange Downline and provide a complete 'biz in a box' money making system that is **FREE** – This system is like a foundation course in Internet Marketing for newbies or a perfectly workable cash generation system for seasoned Marketers that have “seen it all” (like me!)

Below, I go into a few more details, including what **EXTRAS** you get when you join MY team!

Or you can [Click here now to get started](#). - The sign up box is to the bottom right of the page you can also watch the introduction given by the founder / CEO of this program.

More Details About This Free System:

First of all you need to know I take this system **seriously**, some of the steps in the system you may recognise, and with some you may say “oh that won't work” or “I've tried that and people just kept sending me adverts” - my answer to that is – well get lost then!

- To be frank, I don't need people in my team that spend their time complaining about what they *think they know*, I've been in this Internet Business long enough to know that [this system](#) has ALL the ingredients you need to begin your venture on a solid foundation, if you don't believe that – it ain't my problem, I have things to do, people to train that ARE interested and active, I've no time for arguing the toss of the coin.

Each of the steps in this system are workable and have made people money on-line – lots of people – most have done it through either Team work or Joint ventures – learning to work with others is **ESSENTIAL** if you want to really make money on-line in any sort of Network Marketing Business - as the line goes – I don't make money, unless I teach you how to make money – so it is in MY best interest that I get you, my closest potential team mates trained properly and quickly!

What else you need to know – 5 steps in [the system](#):

Step 1

You will be asked to enter a few more details about yourself – if you don't want to put your real date of birth put a generic one – like 1st April and your year of birth instead.

Step 2

I'm going to be asking you to join **Yuwie** – like it or lump it – Yuwie has stood the test of time and is the 'social networking' aspect of this system – the only reason this would change is if, like the banks – they went under – I rule nothing out these days!– but for the foreseeable future Yuwie is part of the system, it is a tool and I can teach you how to use it. If you already have a Yuwie Account add me as a friend [HERE](#) and subscribe to my [Yuwie Blog](#), I will do the same for you.

Step 3

You need a **Click Bank** ID – video instructions are provided for doing this or you can use my user name and change it when you want to: my user name is: **gr8gift4u**

Step 4

Another Step of the System requires a **GDI** account subscription – now I am more flexible than some on this, if you are an existing member of [GDI \(Global Domains International\)](#) you can put your user name in this part, or If you are on a limited budget you can use my GDI user name: **niches4u** and get a GDI account via the system, when you begin seeing results. Note: When you join GDI you will need to give your correct date of birth! - there is a 7 day Free trial with GDI and it is another of the Income streams that power this system, so I recommend you take the [FREE trial](#).

Step 5

Finally the setting up a Selection of **Traffic Exchanges** – again, if you haven't had much success with them, you haven't been using them right we can fix this within a matter minutes, once you are on my team, I'll tell you how this is done. You may belong to some of these exchanges already there are links *within the system* to join those you haven't joined yet, again you can use my **codes** as a **temporary** measure:

1. [TRAFFIC SWARM](#) – **739465** // 2. [DRAGONSURF](#) – **25815** // 3. [ADLANDPRO](#) - **132517**

4. [CLICKCRAZY](#) – **21224** // 5. [TS25](#) – **lemonpies** // 6. [ILOVEHITS](#) – **98169**

7. [EASYHITS4U](#) – **leads2u** // 8. [HITGUSHER](#) - **73597** // 9. [CLICKVOYAGER](#) - **leads2u**

What EXTRAS you get, when you join my team:

Firstly, I need to get you over the idea that any one ebook, product or service is going to solve all your woes and make you rich – it ain't – easiest way for me to do this is to give you access to a whole library of them, look through them all one night – get totally information over loaded (If you must) – then come back to us (your new team mates) when the novelty has worn off!

– Also bear in mind it is a hall of mirrors in some Systems, and you could waste YEARS jumping from dream to dream, achieving ZERO -and if you don't come back to us – well, we will miss you, but not for that long as, well, we have goals to set and results to achieve, come back to us when you are ready, the door is open, for now.

I'll give you **300+ free ebooks** in addition to those provided in the back office of the system, you can have a look through, you can resell them if you like, anyone of these could make you some money and I can give you tips on how to use them as tools to make money if you want – but remember that unless you have an established plan of action, the one I am offering for FREE here, today, you are going to be left behind, wondering why everyone else seems to be doing better than you, but not understanding why.

Don't get me wrong, failure isn't uncommon – but like many successful marketer's, I think it would be nice to get the right people where they deserve to be – without going broke (or falling for scam products) in the process as that's just depressing, and believe me, I **don't** need that, thank you very much!

To make your life even easier, I am going to provide you with a reputable source of **Free Business Opportunity leads** – and I'm **not** going to charge you for them (I'm a nice lady really!). I have used this source to successfully recruit people into the programs described above, you will be able to too.
